

This Side Of The Sun

By Phat

The quick brown hex bumps over the hazy bogs . . . No, that isn't right . . . That sentence is supposed to include every letter of the alphabet and I can't see the 'j' or 't' . . . Now, all together, again! The quick brown fox jumps over the lazy dogs . . . Oh, well, we got an 'x' instead of a 'c' in 'quick' that time but you get the idea . . . Pardon me, I'm just trying to get the index fingers on each hand to synchronize after a two-week lay-off . . . the vacation is over.

SOMETIMES I wish someone would teach me another sentence that contained every letter of the alphabet . . . Have used that one about the acrobatic antics of the speedy tan vulpine mammal ever since they accidentally left a portable in my cradle . . . Or were portables invented that long ago? . . . The reason I'm back today instead of easing in unobtrusively on Friday is not because of what happened where the turn meets the surf but because of something I saw in Hollywood . . . Could hardly wait to get at a typewriter to set it down with misplaced commas, inverted periods and paralytic verbs . . . Anyway, I spent a few minutes at Hollywood and Vine, an intersection almost as famous as 52nd street and Broadway . . . And I spent it SITTING DOWN . . . At that fabulous corner they have BENCHES . . . Two of them . . . Facing right out on Hollywood boulevard.

BEING a Johnny-come-Monday, haven't had time to read all of the mail yet but a quick skim-over reveals comment on benches, climate, traffic and the housing situation . . . It looks as if it will be interesting . . . Now that we're going to have adequate, readable street signs, I have only one campaign hobnobbing along—that of finding a place to park it . . . Have other projects in the making, however, which will place in the public eye on Friday . . . First, however, must fill the fishbox with notes and references to avoid stumbling along, faking in words, to get down to the bottom of this column.

HAVE BEEN much interested in seeing how that correspondent, who sends in a jingle for every month, was going to handle October . . . Couldn't think of any rhyme for that month except "sober" and was anxious to see what he evolved . . . But he dodged the issue . . . Here it is, a week ahead of time:
Village Cheer,
October's Here!

NEW TRAFFIC LAWS went into effect last Friday and already the Eager Beavers are jumping the gun . . . When it was illegal to make a right turn against a red light, they slammed to a stop and then turned anyway . . . Now that it's legal to make a turn AFTER a stop, they barrel right around the corner without a stop . . . When they used to have 15-mile speed limits, nobody drove slower than 25 so they changed it to that figure—and everybody picked up to 35 . . . So a new 35-mile zone was established—and they wham through it at 45 . . . Speaking of traffic brings to mind an embarrassing moment . . . Wending through Westwood traffic, the car ahead went into some screwy maneuvers . . . I said: "Look out, it's a woman driver!" . . . Nothing but stony silence from Mrs. G who was at the wheel at the time . . . Westwood made me homesick . . . Double parking, hordes of jay-walkers, drivers and pedestrians coming at you from every angle.

READING my favorite newspaper, noted where Wild Bill who wrote the pieces while I was gone, commented on a trip to Del Mar . . . While he didn't exactly say so, he skrimished with those two old stand-bys: "All race players die broke" and "You can beat a race but you can't beat the races." . . . As to the former, wouldn't know but is the first part of the latter is right as an interesting experiment in heredity proved last week . . . The son of an old mutual friend of the late Judge Guy Pinney and mine was entered . . . The judge had picked the name for the mama years ago . . . She was an honest, hard-running steed who always gave her best . . . So I invested on the 40s . . . He was an ordinary looking horse in the parade to the post but the most beautiful animal I've ever seen in the stretch run . . . Because blood will tell, it was a nicer vacation.

WILLIAM also touched upon the identity of the "father" of the hospital . . . I don't know who first had the idea of a hospital here in the early 30s but it was just an idea until the early 40s . . . The "father" who started things then was a woman—Mrs. Madge Holderman, public health nurse . . . Asked to address the local Lions club, she pondered over an appropriate topic . . . "You've been yipping about the lack of hospital facilities here—tell it to them," she was told . . . She did and so convincingly that Phil Boyd, then councilman, now assemblyman, went to bat for a community-wide hospital committee which in turn, sponsored the successful association . . . Mrs. Holderman's factual story of the need turned the trick.

1:45 A.M. To Be Last Call For Drinks at Bars

Tavern Keepers Set
Own Ruling in Meet
With Chief Kettmann

Tavern operators in meeting with Chief of Police August Kettmann Saturday, unanimously agreed to cut off service at cocktail bars at 1:45 a.m., fifteen minutes before the legal closing hour.

This agreement was reached after Chief Kettmann pointed out, that under the law, all glasses containing alcoholic beverages must be cleared off the bar by one minute after 2 a.m.

THE SPEAKER also acquainted those present with the new law that prohibits the employment of female help in dispensing drinks from behind the bar.

"The only cases in which a woman will be allowed to serve liquor from behind bars," said Kettmann, "are those whose names appear as an owner or co-owner of the establishment."

THIS NEW RULING does not affect cocktail waitresses who pick up drinks at the bar and deliver them to tables, Chief Kettmann said.

Dr. O. B. McRory, deputy health inspector, stressed the new laws of sanitation, which went into effect September 19, involving the cleaning of glasses and health examinations for food handlers.

"SWISHING A GLASS just used by some one, through sanitation chemicals, will not be tolerated under the new law," declared Dr. McRory. "In order for a glass to be clear of bacteria it has to remain in the cleaning agent for a minimum of 30 seconds."

The doctor also said that dogs will not be allowed in places where food is used, either on the premises or in back yards near kitchens. Compulsory physical examination for all food handlers was not included in the new state law.

"HOWEVER," continued Dr. McRory, "If the employer or health inspector suspects an employee of a contagious disease he can order a health examination. The only disease to be watched is tuberculosis," Dr. McRory stressed several times. "If you suspect any employee of that ailment don't hesitate to order a physical examination for that person."

With reference to fingerprinting, Chief Kettmann said that there is no law compelling either the employer to send, or the employee to submit, to fingerprinting. However, those present agreed to send their help to the police station for fingerprinting.

"BY DOING SO," the Chief said, "the word will soon get around the country that fingerprinting is required in Palm Springs and those persons with long criminal records will stay out of the Village."

All Set

Western Week Program
All Set Declare
Los Compadres

Final plans for the staging of Western Week, October 16 to 17, were completed by members of the Los Compadres, at a general meeting held in the offices of the Chamber of Commerce Thursday.

According to Wal Spalding, president of the organization, the entire program was set for the first official event of the new season.

Phil Delano who will have charge of the "high-noon" parade October 19, announced that applications have been received from riding organizations, seeking participation in the parade.

Stork Has Busy Time at Palm Springs Community Hospital Sunday A. M.

Old Man Stork had a busy time of it at the Palm Springs Community Hospital early Sunday morning.

As a result, it is a foregone conclusion that John Lynch, retired sergeant of the New York City Police Department did an Irish jig on the sidewalks of that city when he received telegraphic word from his son-in-law Walter Morrissey, that he was the grandfather of a second child born to the Morrissey family in Palm Springs.

MRS. MORRISSEY gave birth to a seven pound, eight ounce baby boy at 12:45 a.m. Sunday. The husband reported that he had a "hard time of it" waiting in the hallway for word from attending physician W. P. Aiken. Michael is the name decided upon for the new addition and that

Vandal No Reds

Juvenile Suspected of
Burglarizing Five Homes

A busy little burglar is giving the Palm Springs police department nothing but a headache and such will be the case no doubt, until he is snared by the long arm of the law.

The adjective "little" was used, because Chief of Police August Kettmann and officers investigating the five burglaries committed last week, including two in one night, believe him to be a juvenile and a mean little guy at that. Malicious, destructive, and a vandal.

IN ALL of the homes he has entered so far, and it is believed he will enter more, he has opened bottles and cans of food and lavishly decorated the walls, carpets and furniture with their contents. In one house, the burglar used a knife to rip up all cushions on chairs, divans and mattresses.

His loot so far consists of two revolvers and about \$20 in change obtained in one burglary.

RESIDENTS of the homes entered have not returned to the Village from summer vacations. All signs point to the fact that a juvenile has committed the burglaries, because a boy's footprint has been found on the grounds of the homes burglarized.

SEVERAL young suspects are under surveillance by investigating officers.

Veterans May Get Building At Airport

Strong possibility existed this week, that veteran's organizations in the Village without a permanent meeting place in which to hold business sessions, conduct social affairs and rituals may be offered a building for such purposes at the airport.

THE CITY of Palm Springs recently came into full possession of numerous buildings and 740 acres of land at the airport. It is understood that such buildings not pertinent to the operation of the airport now under lease management to Mrs. Mary Nelson will be converted to other uses and one of them may be the building the city will set aside for veteran's use.

The building would also be used by the Boy Scouts of Palm Springs and perhaps by the Boy's Club, it was said.

VETERAN organizations seeking a meeting place they can call "home" are the Palm Springs chapter of the Disabled American War Veterans, the Palm Springs post of AMVETS and the Veterans of Foreign Wars.

Damage in Fire Is Estimated at \$200

Approximately \$200 damage was done to woodwork in an apartment at 641 North Palm Canyon drive by fire yesterday afternoon. The building is owned by Harry Haimovitz of Hollywood.

A curtain which came in contact with a hot electric light bulb was reported by firemen as the cause.

Drill Sends Electric Shock Through Operator

Charles E. Wade was rushed to the Palm Springs Community Hospital Saturday afternoon, when a drill he was using under an automobile, shorted-out and sent a charge of electricity through his body.

Wade was treated at the hospital for shock and later released.

To Answer OPA Rent Questions

Rent Control Officers
To Preside at Mass
Meeting Tonight

All questions relating to the remaining rent control restrictions of the Housing Expediter's Office will be answered tonight in a public mass meeting called by the Palm Springs Chamber of Commerce in the El Paseo Theater building at Tamarisk and Palm Canyon Drive.

To open at 7:30 p.m., the meeting is open to all interested persons wishing any information on the rent control provisions.

COMMUNISTS BARRLED FROM AMVET POST

Following closely the resolutions adopted by the California Department of Amvets, Palm Springs Post 34, in regular session last night unanimously adopted an amendment to its constitution and by-laws barring all members of the Communist Party or other subversive groups from membership in the local organization.

Committee appointed to look into Veteran's housing under the management of the Housing Authority of the City of Palm Springs reported that it had not yet completed its study. The organization also failed to take any position on the application of William Kent for a dancing permit filed with the Palm Springs City Council, to be used at his Continental Club on South Palm Canyon Drive.

A committee was appointed to confer with City Manager William E. Alworth on his offer of a building at the Palm Springs Airport as a permanent meeting place of that organization.

It was voted to hold further meetings on the first and third Tuesday of each month at Bill Ude's Cafe until a decision on the city's offer is made.

Election of new officers for Post 34 of Amvets will take place a month from today. Nominations of officers will occur at the next regular meeting September 7.

Autumn

Mercury Moves Up
as Seasons Change

Autumn came riding in Sunday on three wheels. It was the first hundred-degree day in the week.

Fall was in evidence everywhere except on the thermometer. That went up.

From a cool day last Thursday—90 maximum—the thermometer has been doing a steady climb, hitting 101 on the first day of Autumn and 108 the second day, yesterday. But the minimum was down in respectful latitudes.

Last year, the first day of Autumn saw 106 maximum and a 55 minimum.

Scouts To Plan Season Activities

Boy Scout activities for the new season will get under way this evening at the Boy Scout house on Sunny Dunes road, Scoutmaster M. S. Thompson said today.

Season's Program For Chamber Given Impetus By President Boyd

The busy winter season program of the Palm Springs Chamber of Commerce was thrown into high gear today following the election by the directors of Florian Boyd, well-known civic worker here for many years, to serve out the unexpired term of president, succeeding James Shea.

Taking the helm of the busy civic organization immediately following his election, Mr. Boyd presided at a special meeting of the board of directors which launched initial plans for a program to be highlighted by intensive work to bring conventions here early and late in the season, the conducting of a consistent promotional campaign for the community, the publication of new literature on Palm Springs, and important projects in highways, aviation, tramway promotion and service to the scores of community organizations of Palm Springs.

"I APPRECIATE the honor of election as president of the Chamber of Commerce although I realize that the position entails considerable time and effort," Mr. Boyd said.

"Our program this year will be one of the most intensive in the history of the organization. Already we are working closely with convention groups coming next month, endeavoring to raise the necessary funds to finance a far-reaching promotional campaign, answering correspondence from hundreds of persons who desire accommodations here this winter, and extending our assistance to many other projects and organizations here.

"I AM COUNTING on the whole-hearted support of everyone in Palm Springs for this year, as only through united effort can our goals be attained. We hope to put the organization

Believe Torney Properties Frozen Until Mar. 15, 1948

Opinion Here and in Washington Bases
Freeze Order on Concurrent Resolution 31

It is now firmly believed here and by prominent political figures in Washington, D. C., that Senate Concurrent Resolution 31, applies in the case of the city's application for the purchase of Torney General Hospital.

This resolution which freezes all former armed services surplus properties desired by cities until March 15, 1948, gives the City of Palm Springs and the Palm Springs Community Hospital needed time in which to gather all engineering reports on the conversion of buildings and lands offered by War Assets Administration.

Healer Avak Not Coming To Village

Avak is not coming back to
Palm Springs—at least, not
permanently.

This was indicated over the week-end and when reports, long prevalent here that he planned a nation-wide tour, were confirmed.

The young Armenian faith healer, who made a 10,000-mile journey to Palm Springs last Spring to minister to the son of a wealthy winter resident, made his first public appearance in the southland in months Sunday when he appeared three times at the Shrine auditorium, Los Angeles.

AS WAS THE CASE HERE, hundreds of ailing men, women and children greeted him in Los Angeles in the hope that the touch of his hand would bring cures unobtainable elsewhere.

When he was in Palm Springs, the afflicted by the thousands, flocked to the Village to seek relief in his soothing words.

Avak, whose surname is Hagopian, is being sponsored by Tom Kardashian, head of a Los Angeles packing concern, and William Perumean, paper mill owner.

THE HEALER will leave October 13 on a 12,000-mile tour to cover 34 states and three Canadian provinces in a 22-Pullman car special train, as "God's messenger to awaken and strengthen the spirit of faith" according to his sponsors. He appeared in Los Angeles as a guest of Dr. Clem Davies' Ministry and Dr. Davies will accompany him on his trip.

Avak revealed that he expects to become a citizen of the United States. He has asked for a six-month extension of his visa which expires Nov. 6.

Parking

Tickets for Overtime
Parking To Be Handed
Out October 1

That policeman with the long stick to which is attached a piece of white chalk will start marking automobiles in downtown Palm Springs, October 1, according to a warning issued by Chief of Police August Kettmann yesterday.

To traffic patrol officer Charley Valentino will fall the honor of admonishing Village automobilists to observe the one hour parking law and to him the unpleasant task but necessary job of writing tickets for those who violate the law.

John Phillips To
Address Rotarians

Reporting on the history-making session of congress which closed just recently, Congressman John Phillips will address the Palm Springs Rotary Club at its opening luncheon in the Desert Inn on Wednesday, October 22, it was announced today by W. E. Alworth, club president.

The congressman has made an annual visit to the club for several years, and his talks have been highlights of the organization's program, the president said.

Searching

Victims Fail to Identify
Suspect as "Peeping Tom"

Police are still searching for the "Peeping Tom" who has scared Village women for more than a week, by scratching on screen windows and knocking at doors when their husbands were not at home.

Arrested late Saturday night was Irving Semenov, 28, New York City, but recently of Los Angeles, who for a time was suspected as the prowler by police. When witnesses failed to identify him, he was formally charged with vagrancy.

THE PUBLISHER'S by OLIVER B. JAYNES

COURTESY TO CUSTOMERS has been restored in most business firms after being sadly neglected during the war. Service is again the order of the day. This is true in Village stores. But our city government, at least in some departments, had not followed suit. Complaints of indifference—even discourtesy—have been heard too frequently at The Desert Sun office. A few go right up to the city council itself. . . . It is true that many people become unreasonable when confronted with local ordinances which city employees are compelled to carry out, but this is no excuse for taking an unfriendly attitude. A few lessons in courtesy seem to be in order. Newcomers to the Village, specially those planning to enter business here, make one of their first calls at the city hall. First impressions are lasting; their reception should be friendly under all circumstances.

NEW STATE LAWS, about 1500 of them, went into effect this week. They will touch the lives of businessmen, cattle rustlers and motorists. Ignorance of the law is no excuse yet how can anyone keep up on all these measures? A few are written off the books each year but mostly we just keep getting more and more. Perhaps one of the most indicative of progress is the new law requiring slow motorists to keep to the right side of the highway so faster drivers will not have to pass to the right, which—by the way—is now taboo under the new code. The purpose, of course, being to keep slow moving vehicles to the right so faster cars will not have to pass on the inside—a somewhat dangerous practice.

SEIZING THE INITIATIVE at long last, Secretary of State Marshall abandoned diplomatic appeasement and declared before the UN assembly in a soldierly manner that the "Big-Power" veto must be curbed. He asked action in a seven-point program designed to rebuild the ineffective world organization. "More than two years after the end of the war," Marshall said, "the fruits of peace and victory are still beyond our grasp." . . . This is what the American people have been waiting for; our able new Secretary will receive the hearty backing of millions in this country. And along with them will be our own Congressman John Phillips. In his current article, Mr. Phillips points out that the treaties with Italy, Hungary, Rumania and Finland have given Russia almost a billion dollars, with another 175 million to her satellites—in addition to strategic territory. On top of that, we ship them locomotives, trucks and all sorts of equipment in huge quantities. Yes, Mr. Phillips will like Secretary Marshall's program. It is the only hope of saving the United Nations. We've passed the ball to Russia; let's see what they do with it!

To Answer OPA Rent Questions

Rent Control Officers
To Preside at Mass
Meeting Tonight

All questions relating to the remaining rent control restrictions of the Housing Expediter's Office will be answered tonight in a public mass meeting called by the Palm Springs Chamber of Commerce in the El Paseo Theater building at Tamarisk and Palm Canyon Drive.

To open at 7:30 p.m., the meeting is open to all interested persons wishing any information on the rent control provisions.

Alaska

By MABELLE F. BARKOW

I took time to see Jessica Bird, sister of my good friend, Sue Coombs, and a former resident of Banning. Miss Bird was war-time editor of the Riverside Press. When the editor returned, she accepted a position with University of California at Berkeley and had been spending the summer at Ketchikan while working on The Alaska Sportsman, well-known magazine, published in that city. She was planning on leaving for the states two days later.

Ketchikan was the last place we saw the beautiful Alaska flag, the Big Dipper in gold on a field of blue; very appropriate. The Big Dipper is almost directly overhead in Alaska.

INLAND PASSAGE

At 11:15 a. m. we boarded the S. S. Prince Rupert for the trip down the beautiful Inland Passage to Vancouver. It was on the Prince Rupert that I and my family made the trip down from the

Riverside County Low in Taxation

Riverside county is one of twenty-three California counties which set a lower tax rate for general county purposes for 1947-48 than for 1946-47. California Taxpayers' association said today, making public its study of tax rates of California counties.

The county's \$2.34 rate for general county purposes is 10 cents lower than the \$2.44 rate per \$100 of valuation of taxable property in the county for last year. Prewar rate for 1941-42 was \$2.22. War and postwar low rate was \$1.53 in 1945.

Biggest decrease in rate for general county purposes was in Yuba county, where the rate was reduced to \$2.254 for 1947-48, compared with \$3.389 for 1946-47.

city by the same name, several years ago, after a vacation at Jasper National Park.

At 7 p. m., our ship tied up at Prince Rupert for a four-hour stay which extended to almost six hours since the train from Jasper was late. It so happened that the day was Port Day and a ship from the British Navy and one from the Canadian Navy were in port. They put on a fireworks display that was very beautiful over the water.

August 22—Sleeping space was at a premium on this boat last night and some of the passengers who boarded the ship at Prince Rupert were forced to sleep in the lounge. Our staterooms, mine and Mrs. Issenhuth's were sold twice and at 1 a. m. this morning there was an argument over who was to sleep in the second stateroom allotted to us. In the first place, when we boarded the boat at Ketchikan, our baggage was placed in a stateroom already occupied by a man who was supposed to vacate at Prince Rupert. He changed his mind, however, decided to continue on, and refused to budge, so we had to move. At 1 a. m., a lady, who had been sold the lower berth of the stateroom, which we were occupying, tried to enter with all her baggage. When we told her there already were two ladies in the room, she went away, only to return and insist that we let her in, which we were quite positive we were not going to do. Then she summoned half the ship's crew to oust us. Our explanation satisfied the crew and we were left to continue an interrupted sleep.

In the middle of the day, a stop was made at Ocean Falls, where is located the Pacific Mills Limited paper mill, the most northerly-located pulp and paper mill in North America. The mill and town, which houses 1300 employees and their families, are built on a narrow piece of land hemmed in by the ocean on one side and high mountains on the other. We toured the mill, which produces 140,000 tons of paper annually. The company is a subsidiary of Crown Zellerbach company from which the Banning Record receives much of its news print.

GOODBYES

August 23—Last day of tour and time for goodbyes. All the men of the party except the guide left us at Vancouver, B. C., after a farewell dinner. Three of the ladies left us at Seattle where we spent the night.

August 24—About 9:15 a. m., the four remaining members of the party, the guide, the lady from Long Beach, the one from Hollywood and myself boarded a United Airlines plane for the 1100-mile flight back to Los Angeles. It was a perfect day and we had a wonderful view of Mt. Hood, Mt. Rainier and other snow-covered peaks in the Cascade range. Mr. Wallace used his last film on Mt. Shasta and soon afterward the brown and tan sun-baked hills and valleys of California came into view below us. At Los Angeles, there were more hasty farewells as we had all been met by relatives. Our 10-

What Goes on in Palm Valley

By DON CAMERON

This Palm Valley story is being written in Jerry Sanborn's room in the Biltmore hotel, Los Angeles. This room serves as a base of operations for the twelve of us who are delegates and alternates of the state conventions of the American Legion. Bob Ellsworth and Bill Davis are here, John Connell, Ray Hiller, Harold Lienau, Tom Kieley, Pat Connolly, Henry Snow, Joe Henderson and Dr. Joseph D'Alessio, who just drove down from his summer location in Lake Tahoe.

NATURALLY our whiskered comrade from Rancho Mirage and Banning is here on deck, George Boldin, commander of the 21st district. From the above list you can see this room is really a base of operations with practically no drinking—what am I saying!

AT PALM DELL, Mr. and Mrs. William Hawkinson of Banning, are starting their new home this week. Mr. Hawkinson has been the contractor on the Bingo Palace just completed in Las Vegas. The unusual rain Thursday night accompanied by thunder and lightning in the mountains, inspired me to get around to gardening, so with the able assistance of Amos and Nell Odell we planted a couple of lawns and fine nasturtium and petunia beds.

All the heads of Palm Desert were on deck this week-end. Cliff Henderson stopped in to say a great season is looming up before us, also Carl Henderson "stopped by." At the bar in the Dunes, Edith Ward and Henry Pritzloff, decked out in a green and white checked shirts. They said they were celebrating starting their two new houses Monday morning.

RONALD BUTTON was on the

000-mile Alaskan tour had come to an end.

AS I SEE IT

Is Alaska all that you expected it to be and what do you think of its future, are the two questions asked most often of me since my return. The answer to the first is easy. It is a very positive "yes." The scenery of Alaska is magnificent, the summer climate delightful, and the people friendly. At the present time it is no place for the tourist who must travel de luxe. One must become accustomed to toting bags, rooms without running water, one bath to a floor, 1938 furniture, planes, trains and buses, which, while perfectly safe are not luxurious, few vegetables, no milk, and weather which often interferes with schedules.

I can not help but believe, with ever increasing air travel, Alaska will become the summer playground of many who live in the states. Its vast store of gold, copper, coal, and silver has scarcely been scratched. The forests of Alaska are fourth in rank in merchantable timber standing in the states today. Over \$150,000,000 worth of furs have been shipped from the territory; government reports show 5,796,000 acres of farming land; and millions of cans of salmon are shipped out each year. With this in mind, I am sure Alaska will become the permanent home of thousands of ambitious young Americans who will find there the security they have been unable to attain in more populous areas.

An afterthought and apropos to something I said in one of my letters about Alaska being treated like a stepchild, in that most people in the states think only of what they can get from the territory, not what they can put into it—I noticed in a press dispatch that irate merchants of Ketchikan had taken matters in their own hands in connection with the CIO Longshoremen's Union's over-month-old strike and had tied a ship up to the docks and were unloading it. I said before the unions connected with the shipping industry have a strangle hold on Alaska. It seems to me our government should use Navy ships, if necessary, to see that its citizens get the food and clothing they need for a long hard winter.

job at Rancho Mirage after having been away for three weeks. Admiral Charles Weitzel had his father Elmer Weitzel spending the week with him. Claire Leahy and Neva Munchhoff returned Monday from Arrowhead, where they have spent two weeks in the Ray Burk house.

First signs of winter, loads of wood going by, coolers being taken down, heaters being installed, but—who could ever believe there could be such a thing as cool days and nights hitting 60 degrees.

Lions Club Will Meet Thursday

Palm Springs Lions club will meet Thursday noon at the Doll House in one of the closing informal sessions of the summer season.

Formal meetings will start the first Thursday in October, Ray Sorum, president, said.

Attendance at the summer informal meetings has been excellent.

The Chinese are believed to have used spaghetti and macaroni before the Italians.

"Your Year 'Round Store"

Henderson Sells Pan-Pacific; To Devote Time to Palm Desert

Palm Desert will henceforth receive the undivided attention of dynamic Cliff Henderson, president of the Palm Desert Corporation and manager of the giant subdivision, on the desert, south of Palm Springs.

That Henderson will devote all of his time to the development of Palm Desert was seen in the announced sale of the Pan-Pacific Corporation, owners of the Pan-Pacific Auditorium and Bowling Alley and the Los Angeles ice hockey team franchise to E. I. Cord, former automobile manufacturer.

THE SALE was announced by Henderson, president of the corporation and managing director of the auditorium, who said that the sale of the Los Angeles properties involved \$2,250,000. He added that the present board of directors of the Pan-Pacific Corporation were scheduled to meet yesterday and resign. Cord, it is understood, plans to install his son, Charles Cord, as president

of the corporation.

Henderson said that he will continue to act as president and retain control of the Pasadena Winter Garden Corporation and the chairmanship of the Pacific Coast Hockey League. However, he added, his main interest in the future will be the development of the Palm Desert Corporation. This company is developing a 1520-acre community between Palm Springs and Indio.

THE PAN-PACIFIC auditorium was built during the height of the depression in 1934 and had as its stockholders many of the friends Henderson made in the aviation industry during his activity as head of the National air races. Among them were General James Doolittle, Walter Pidgeon, Kay Kyser, Dick Powell, Joan Blondell, Leonard Firestone, Paul Mantz, Charles Nash and Frank Phillips. It is known that Leonard Firestone is interested in the Palm Desert Corporation.

Jack Reid Opens Pottery Store on Palm Canyon

Jack Reid, formerly of Riverside, this week announced the opening of his California Pottery store on South Palm Canyon Drive.

Coming to Palm Springs with his family a little more than a year ago, Reid is a graduate of Occidental college, where he earned his degree in business administration.

During the war he served with the Army Air Corps attached to headquarters of the 9th Troop Carrier Command. He saw action for three and one-half years in the European Theater of Operation as a captain. His father is Dr. E. C. Reid of Riverside.

In his new store, he plans to carry a line of dinnerware, flatware, glasses, linens and kitchen and Vernon ware.

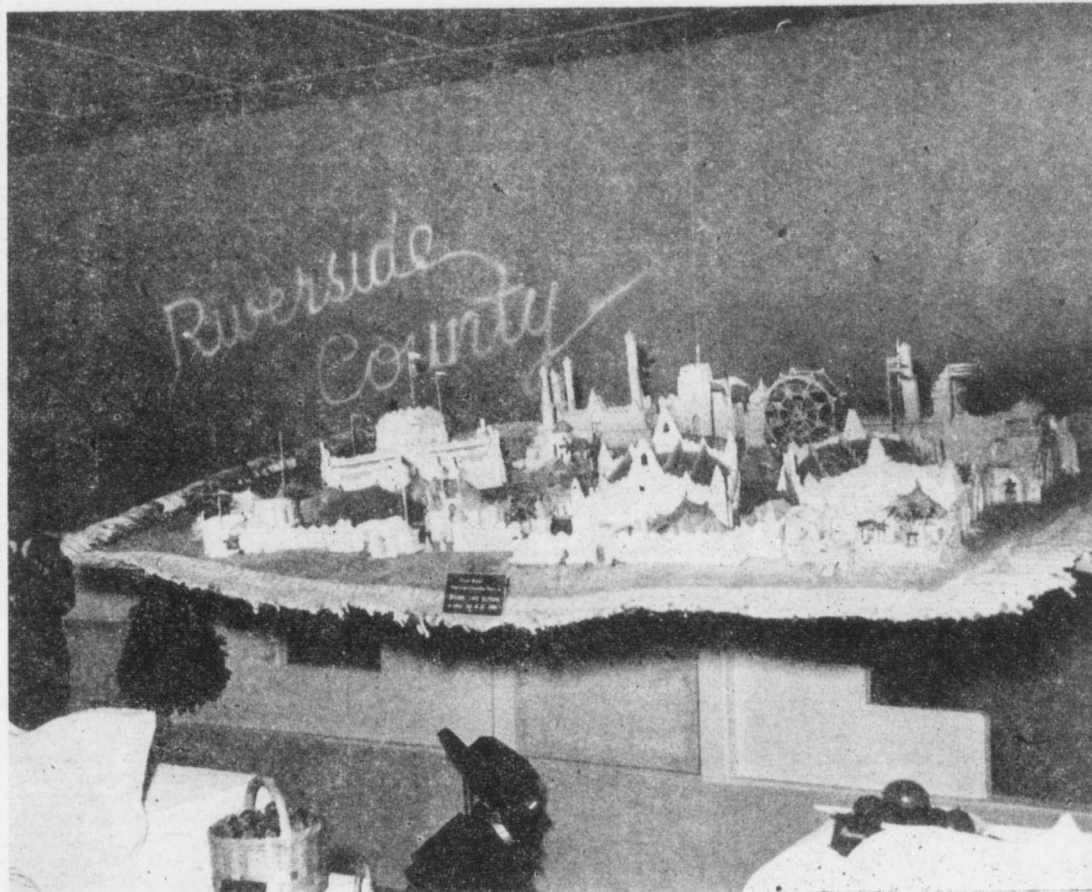

Manager for New Robinson Store Announced

C. R. Helter will be the new manager of the new J. W. Robinson Company branch store to be located in the former Bullock's location on the Desert Inn grounds, it was announced yesterday by Stewart K. Widdess, president of the company.

Widdess said that the new establishment will be opened as near the beginning of the season as it is physically possible. By this he meant just as soon as renovation can be completed, fixtures and stock installed.

THE NEW STORE, on Palm Canyon Drive will be the first expansion move of this well-known department store, other than the downtown Los Angeles store, in the company's history, although a recent announcement was made of a complete new Beverly Hills store that will be under construction soon.

The Village store, according to Widdess, is being established to

HARRY OLIVER gained honor for Riverside county at the California State Fair at Sacramento by winning a special prize of \$200 for "an outstanding exhibit," it was announced by R. M. C. Fullenwider, secretary of the Riverside County Chamber of Commerce. Suspended in the air, the above exhibits of dates and other Riverside County produce, the "Magic Carpet" is a replica of the Fair and Date Festival grounds as the area will appear when completed. Oliver, designer of many movie sets, was the creator and builder of the unique exhibit. "We have created tremendous interest in Riverside county and particularly in the date industry," Fullenwider commented. "We could have sold tons of dates if we had had them at the State Fair."

extend services to the entire "greater Palm Springs" area, where, he added, many patrons have been the customers of Robinson for many years.

"IN THIS AREA, too," continued Widdess, "the store will be

familiar to many winter residents who have known it through its extensive national magazine advertising."

The president said that women's fashions, with attention to after-dark wear for Palm Springs, sportswear for both active and

spectator sports, fashion accessories, including cosmetics, men's casual shoes and women's shoes from casual to formal evening styles, and men's clothing with emphasis on sportswear will be featured in the establishment here.

Don't Buy It

Fire Marshal Warns
Against Purchase of
Fire Extinguishers

Villagers were warned this week by Fire Marshal Warren Heath, not to buy fire-extinguishers from fast talking, high powered salesmen, who claim the product they are selling is from War Surplus stocks.

"Other communities have been flooded by these extinguishers," declared Fire Marshal Heath, "but the state prohibits their use because they do not carry the Fire Underwriters' stamp of approval."

Near-by Idyllwild Popular Resort for Villagers

Idyllwild was a favorite vacation spot this summer for many Villagers who didn't want to be too far away from Palm Springs.

The rather quiet mountain life there was enjoyed by the James Olivers and their two children, Susan and Anne; Mrs. Homer McKee, her daughter and Mrs. Cross and her granddaughter; the William Lippmans, the Clarence Woodmansees, the Kenny Pauls, the Phil Delanos, and many others.

Boys' Club Turns Two Hits Into Five Runs to Defeat Desert Hot Springs in First Game of Play-off Tourney

Dick Barrett of Desert Hot Springs did his stuff—he held the Boys' Club to two paltry singles Thursday night at the Field Club but they turned those two hits into five runs—enough to win the first round in the Mayor's Cup series by a score of five to two.

The two teams meet again to-night and unless the Hot Springsers throw the proceedings into reverse, the Boys will cart off Mayor Clarence A. Hyde's trophy.

THE VISITING PITCHER walked in one run for the Boys' club but it didn't have any effect on the outcome, the local lads having already won the game in the second. Deever's was going in good shape for the victors, holding his opponents to four scattered hits and was get-

ting strong backing in the field.

The Boys' club started rolling in the second. Cowart opened that round with a single but Barrett bore down and fanned the next two. Then he passed two, Shaw and Crossley.

THAT WAS IT. For Sandeffer singled Cowart in, leaving the bases full up when Hartman came up. The latter sent a tall one into left field which Gauteillo, ordinarily a sure-shot

Juniors Defeat Banning Outfit by 5 to 2 Score

Boys' Club Juniors entertained a Banning team in the same age bracket (11 to 16) at the Field Club Friday night and came off winner in a well played game, 5 to 2.

A three-run outburst in the first followed by two more in the third, did the business. Donny Mendoza did a good job of chucking and held the visitors safe. The line score:

Banning 0 0 0 0 2 0 1—3
Junior Boys 3 0 2 0 0 1 x—5

fielder, missed. Shaw, Crossley and Sandeffer came in and the score was four to nothing.

Barrett tried to win his own game in the last of the second when he socked one for four bases, scoring Ellis, who had doubted, ahead of him.

THAT WAS ALL of the scoring except for the sixth when Barrett walked McKinney, Erno, Jurado and Sandeffer to force in the fifth for the Boys.

In the third inning, a bit of fast fielding by the winners stopped a Desert Hot Springs rally.

Deever's, with one on, went after a hot hit ball from the bat of Ellis. He couldn't get it but managed to deflect it toward third where Touch got it in time to peg to first for the out. Later in the same round, Gauteillo hit a hot one to third and Rouch made a lunge for it. He got it while prone but managed to stab at Coon Mooney, coming down from second for the final out.

IF DESERT HOT SPRINGS wins tonight, the third and final game of the series will be played Thursday night.

A packed house saw last Thursday's game.

The line score: R H E
Boys' Club 0 4 0 0 0 1 0—5 2 0
Hot Springs 0 2 0 0 0 0 0—2 4 2
Deever's and Sandeffer; Barrett and Poist.

About 95 per cent of the substance in grass comes from sunlight, air and water—the rest from soil nutrients.

Baseball Picnic

Partridge Plans Great Get-Together

There'll be a baseball field day at the Field Club when the current play-off between the Boys Club and Desert Hot Springs is decided.

Frank Partridge, recreational director, is mapping plans for the event now and as soon as he knows who's going to cop the cup put up by hizzoner, Lord Mayor C. A. Hyde, he'll be out with the details.

The team that takes the cup will play a four-inning game with each of the other clubs in the City Loop as opponents for one inning. The Mexican Colony team, which disbanded, will reform for this game and the other opponents of the victors—either the Boys' Club or Desert Hot Springs—will be the Lions, Mexican Colony, Gay 20s and either the Hot Springs or Boys' Club, whichever loses in the series.

There'll be refreshments and a general good time for players and fans.

Mrs. Holly Lash Visel Announces Choir Program

Back in Palm Springs for the season from her summer home on Balboa Island, Mrs. Holly Lash Visel, director of the Community church choir, last week announced her musical program, periods of rehearsals and performances, and issued an invitation to Villagers to join one of the church choirs.

There will be four choirs rehearsing weekly, she announced. The Boys' Choir will rehearse Wednesday afternoons and will include grades from 4 to 8. The Girls' Choir, composed of the same grades will meet Thursday afternoon. Mrs. Elmer Markham, Mrs. Lois Lux, Miss Patricia Fowler and Miss Hazel Veith will assist with these groups. Mrs. Charles McDonald and Mrs. William Veith will head the mothers' committee for the coming season.

THE HIGH SCHOOL Youth Choir, Mrs. Visel said, will rehearse Thursday evenings at 6:30 p. m. and will be open to all high school and early college students. Ken Woodbury will assist in directing this group. The adult choir will rehearse at 7:30 p. m. on Thursdays headed by Mrs. Roger Williams as president. Regular rehearsals for the latter group will start Thursday, September 23, and for the Children's Choirs on October 1 and 2nd.

DURING the latter part of June, Mrs. Lois Lux and Mrs. Visel, attended a church music conference at Redlands university for ten days, where they underwent an intensive training with professors from all over the country. The classes were conducted by 65 professional musicians with sessions starting early in the morning and continuing into late evening classes. Directing, accompanying, repertoire, bibliography, children's choral conducting and hymnology were among the subjects studied.

IN HOLLYWOOD Mrs. Visel attended several of the light operas at the Greek theater and met former students and friends at radio performances. She also spent one day each week at the studios of Herbert Wall, well known vocal teacher.

Pegi Scot Is Back From Hospital

Irrepressible Pegi Scot, Village public stenographer and Notary Public, is back from the Birmingham Hospital where she underwent major surgery during a two months stay.

She plans to reopen her offices at 111 E. Amado street this week. She also wishes to thank her many friends who wrote to her while a patient at giant veteran's hospital in Van Nuys.

Doing the Village

with
Moya Henderson

It doesn't take long to get back into the full swing of the season's activities.

Already the Amvets and the American Legion have started their regular bi-monthly meetings and the Los Compadres had their first official business meeting of the year at the chamber of commerce building on Thursday night. Although the weather was a bit on the sultry side, members turned out in full western regalia, to have their pictures taken for the Village and to advertise the coming of Western Week which was the business of the evening. New on the roster this fall are the Dick Grants, Frank Bogerts, Millie McCormick and Pete Peterson.

THURSDAY NIGHT held other official business for Dick Grant. It being his birthday, spouse Alta gathered friends at the Grant hacienda for a surprise party. This same evening looked like a gathering of the clans at Gordon's. Dining and chatting along the counter and in booths were the Sam Maloofs, C. C. Neels, Charlie Burkett, the Al Wiengartens, C. S. Hendersons, Anna Lee, Marie Belyea and of course Gladys Denton, Josephine Sprague and Gordon Feelings.

THERE'S MUCH activity among the younger set as many of them are preparing to take off for college. Twenty-three local youths are on the register at Chaffey Junior college this fall, making up quite a campus clan. Bob Jones is preparing to enter Redlands university and brother Arthur will return to Stanford with the opening of the fall semester. Also Palo Alto bound as a freshman is Don Pendry while Donny Williams will follow in sister Helen Louise's tracks at Redlands. Jay Holderman will become a Pomonaite with the opening of school and Carol Burkett is waiting anxiously for the opening of this institution's portals. Mrs. Fay Robinson is back in the Village sans daughter Sally who remained in Missouri to enter

Christian College.

From clear across the continent we hear that Mildred Potter is now a student at Emerson college in Boston, Massachusetts.

THE LAST CONTINGENT in Idyllwild is still carrying on, probably till the first frost chases them down to warmer climes. Up on the "hill" last week to look things over were the Lauritz Hansens recently returned from a four months trip to Denmark. Ocean voyages must agree with Mr. Hansen as he came back a great deal heavier than when he left the Village in the spring. Both reported a wonderful trip visiting among family and friends.

The Carl Lykkens deserted Fern Valley for a week to be the houseguests of the Ray Wilsons at their Bel Air home. Visiting in town, too, were the William Lippmans, who journeyed to Beverly Hills to get better acquainted with their new grandson, Frank Doro is holding down the fort alone in Idyllwild as Bernice returned to the Village so that son Dick could finish his senior year at the Palm Springs high school.

THE GORDON CLARKS plan to close their cabin and be back in the Village around the first of October and, although Marie Belyea makes frequent trips to Palm Springs, her residence is still in the mountains.

From Page One—MORE ABOUT Program . . .

on a sound financial basis this year through revision of the dues structure which is necessary to help meet the operating costs that understandably increase with the steady growth of Palm Springs.

"Two big membership meetings are planned in November, and it is hoped that all members will join in these real old-fashioned get-togethers. We can have a most successful season if we will all cooperate in this program of activities."

AS HIS FIRST committee chairman appointment the new president named Frederick Watson as chairman of the group to plan the November membership meetings. Earl Strebe was chosen to head a special finance committee.

The first scheduled meeting of the directors will be held on October 6.

Village Promotion Fund Climbs to \$7000

The Community Promotion fund of the Palm Springs Chamber of Commerce was materially increased this week as new contributions were received from business firms here in response to a letter mailed by the organization to every holder of a business license here. The fund was increased to \$7,000 this past week.

Needed for national advertising, photographic service to newspapers and magazines, window displays and many other features of a long-range promotional campaign, the funds are being deposited in a special account and will be spent by a committee appointed by Florian Boyd, president of the chamber of commerce.

Annapolis Appointments Open to Veterans and Naval Reservists

If there is a naval reservist in the Village, there exists an opportunity for him to attend the U. S. Naval Academy at Annapolis.

Applications from among naval reservists will be received until Nov. 1, the Navy announced this week. Candidates must have the following requirements: U. S. citizenship; enlisted reserve duty and passage of the regular academy physical examinations. Age limit is set at less than 23 years for war veterans and from 17 to 21 for non-veterans.

Complete information may be obtained from the Naval Reserve recruiting office in San Bernardino.

Cellulose is obtained from wood pulp and cotton linters, the short fibers that remain on the cotton seeds after the longer fibers have been removed by ginning.

Last year, 30 per cent of all persons killed on America's streets and highway were pedestrians. Watch while you walk!

CATHEDRAL CITY

No Dues—No Fees

City Officials at San Francisco Cities' Meeting

Three city officials will represent Palm Springs at the three-day conference of the League of California Cities which opened for its first day's session in San Francisco yesterday. Concluding day of the meeting will take place tomorrow.

City Manager William E. Alworth left Sunday for the Bay city to be present for the opening day's business meeting. Robert W. Peterson, treasurer and assistant city manager and City Attorney Roy Colegate flew to San Francisco yesterday from Los Angeles.

THE CONFERENCE is the 49th of its kind held in the state and according to information received from San Francisco, the largest attendance in history is expected.

The convention will last three days, instead of four as in previous years. The Fairmont and Mark Hopkins hotels, on Nob Hill will be joint headquarters.

PROMINENT persons scheduled to address the gathering include: General Mark Clark, commandant of the Sixth Army with headquarters in San Francisco; Governor Earl Warren, Mayor Roger D. Lapham of San Francisco and Malcolm Davisson, professor of economics at the University of California and former tax consultant for the League.

First War Dead To Arrive October 10 in San Francisco

First shipload of World War II dead, will arrive aboard the Army transport Honda Knot in San Francisco, October 10. The ship is reported to be carrying 3500 bodies of war heroes who fell on battlefields during the war against the Japanese in the Pacific.

Service organizations in Palm Springs, including the American Legion, Disabled American War Veterans, Veterans of Foreign Wars and Amvets are making preparations to participate in burial ceremonies here in the event any bodies of Palm Springs' veterans are returned here.

The bodies will be sent to 15 centers throughout the nation. Identities will be announced later from Washington. The transport Honda Knot is the first of a procession of funeral ships which will return thousands of war dead from all parts of the world with casualties from all branches of the service and all periods of conflict.

A-Worryin'

Seeking Place for
Guardhouse

The Los Compadres' Guardhouse is still creaking on its original foundation on the Torrey General Hospital grounds and each passing day it remains there, adds to the worry-burden of that organization.

Bought as a meeting place with the proviso that it be removed from its present site, members of the "site-seeking committee", are exploring every offer of a "landing place" for the building.

FOLLOWING the published appeal in the Desert Sun last Friday, Phil Delano, heading the committee, reported that several sites have been offered, but all of them are beyond the financial ability of the riding club to purchase.

With the deadline for removing the building staring the Los Compadres in the face, Phil Delano yesterday again appealed for assistance in locating a site for the building.

THE BUILDING is 25 feet by 57 feet in size and Villagers who may know of a site that could be bought are asked to telephone Delano at the Palm Springs Drug and Import company; Joe Butler at the Safeway store or Kenny Paul at Kenny's Service Station.

CHOICE is the keynote of today's career

Would you go to Europe, Japan or Korea?

Or would you stay near home? Any man who has had prior service in the Armed Forces may elect to do any of these things if he enlists in the Army now for 3 years or more. He can choose to be assigned directly to duty in Europe or with one of five famous Infantry divisions in the Far East. Or he may choose to be stationed near home for the first full year of his enlistment (where there are vacancies). Men with or without prior service may choose one of the famous combat divisions in Japan or Korea.

Would you select a career in aviation?

This you can do, and be guaranteed the training you choose before you enlist! Only requirements beyond regular physical and mental examinations are that you be a high school graduate, or that you are in the Air Force and can qualify. It's today's great opportunity to write your own ticket in the Air Force.

Would you want to learn to fly?

If you are single, 20 to 26½, and have had two or more years of college education or the equivalent, you can become an Aviation Cadet with the U. S. Air Force. Nowhere else can you get better training, for nowhere else is aviation advancing as fast or as far as in our own Air Force.

Would you go to a leadership school?

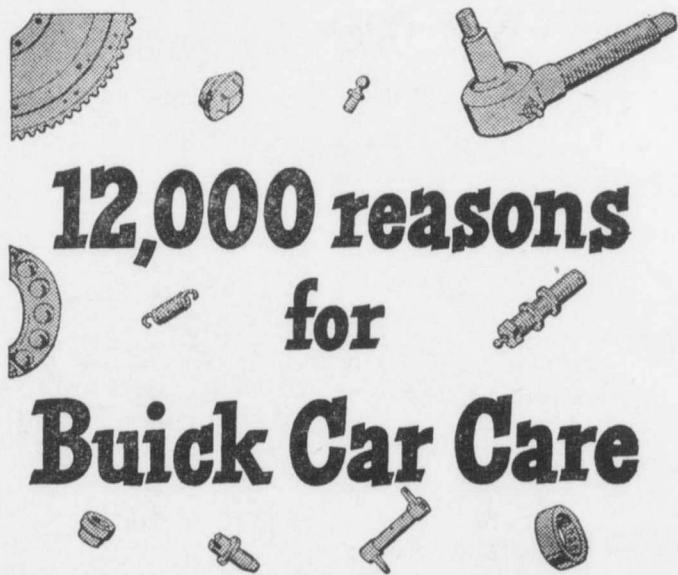

If you have qualities of leadership, would you want to develop them to their fullest? U. S. Army Leadership Schools are now selecting likely candidates from servicemen to take these valuable courses.

The Army and Air Force are doing everything possible today to help each individual develop along the lines that he picks for himself. Army and Air Force training is thorough and take-home pay is better than most civilian jobs. Opportunities for advancement are wide open to every man in uniform. Make your choice today at your U. S. Army and Air Force Recruiting Station.

CAREERS WITH A FUTURE

**U. S. Army and
U. S. Air Force**

UNITED STATES POST OFFICE
Riverside, California

Compared with your Buick, a fine watch is a piker. Your Buick has one hundred times as many parts—12,000 of them—all designed and produced to do their own special jobs.

To a Buick man, each of these parts is an open book. He knows what each must do, how each must work with all the others, to give you the smooth, dependable, thrilling motoring this fine car can deliver.

This knowledge is important in even such seemingly simple jobs as

- Proper lubrication
- Clutch and brake adjustment
- Engine tune-up
- Care of cooling system
- Alignment of steering gear
- Adjusting of shock absorbers for easier ride

Think it over. A Buick man knows Buicks best. So drive in whether it's for a major job or regular service.

Buick Care Keeps Buicks Best

parties celebrated at the Doll House this week were a group that included recently Mr. and Mrs. Frank Bennett, Miss Deedee Bennett, Mr. and Mrs. Philip Boyd and Mr. and Mrs. Harry Harper.

Mr. and Mrs. Larry Simpson enjoyed a first wedding anniversary dinner while Al Mills celebrated his natal day with Mrs. Mills, Mr. and Mrs. Merrill Crockett and the Harold Clauses. A group of six included Mr. and Mrs. Alvin Weingarten, Mr. and Mrs. Charles Burkett, and Judge and Mrs. Eugene Theriault.

With Irene Corwin were Mr. and Mrs. George Allen and James Kenyon, making up a dinner foursome. Mr. and Mrs. Earle Strebe hosted a family group that included their daughters Susan and Dorothy Ann and Al Gardner. Mr. and Mrs. I. Rubin, Mr. and Mrs. Ralph Nesbitt, Mr. and Mrs. Claude Velour, Mr. and Mrs. Jerry Sanborn, Mr. and Mrs. Robert Beck, Mr. and Mrs. Henry Simsarian, Earl Coffman and George Roberson were among the many others at the Doll House throughout the week.

Dr. and Mrs. Staley
In Village for Season

Dr. and Mrs. Percy Staley spent the summer at Laguna Beach and Lake Arrowhead except for the time that the doctor spent in Chicago studying advanced electro cardiography.

SUMMER WEDDING—Mr. and Mrs. Clarence J. Bennett pictured soon after the wedding ceremony in Chicago early this summer. The bridegroom is the son of Mr. and Mrs. Frank Bennett of Deep Well Ranch here. The honeymoon took the couple through the Caribbean, Guatemala and South America and are now living near Morrow Bay while young Bennett is a student at Agricultural school in San Luis Obispo.

Grant Honored at Birthday Party

Birthday party honoring Richard H. Grant was given by his wife at their home, 355 Via Los Palmas, last Wednesday evening.

Present for the celebration of Mr. Grant's natal day were: Mr. and Mrs. S. O. Noles, Banning; Claude and Ruth Veleur, Jack and Jenny Trott, William Groshen, Virginia Cross, Mildred McCormack, and Bob and Beverly Beck.

Mrs. Noles presented the birthday cake topped with a question mark. A buffet dinner of delicious roast turkey as the piece-de-resistance was enjoyed. Santos de Jesus did honors as the mixologist.

Three Birthday Parties Enjoyed by Children

Three birthday parties took place in the Village recently.

On Sept. 17, Mrs. Josephine Sprague invited a small group of children to her home to celebrate the eighth birthday of her son, John.

Then on Sept. 20 Hugh Stanford and Jimmy Pye had a joint birthday party at the home of Jimmy's mother, Mary Jane Hicks. The fifteen guests all went to the movies, then played baseball before preparing their own dinner in the patio. Hugh was twelve, and Jimmy eleven.

On the same day Miss Denny Bogart, daughter of the Frank Bogarts, celebrated her birthday with a party at Thunderbird.

Poliaks Return From Three Month Vacation

The Bernard Poliaks returned to Palm Springs last week after spending a delightful three months in their summer home on Lake Washington.

Their children, Roberta and Richard, had to be back then for the beginning of the Frances Stevens grammar school which they both attend.

Civic Workers Home After Tour of East

Chicago was the first stop on the Frank Bennetts' trip east this summer. There they attended the wedding of their son, Clarence, to the former Alys Faurot. From Chicago they went on to Lenox, Mass., stopping off en route in New York to see the latest Broadway plays. While in Lenox they thoroughly enjoyed attending the annual music festival given by the Boston symphony.

Meanwhile, their daughter, Deedee, and her friend, Ann James, played in summer stock at the Berkshire Playhouse.

Mr. and Mrs. Bennett included in their itinerary a trip to Washington, D. C. where they both testified in the Senate investigation of the Torney General Hospital.

Leaders for Girl Scout Troops Are Sought Here

Need for leaders and assistant leaders of Browne and Girl Scout troops, here, in Desert Hot Springs and Cathedral City, was voiced by Mrs. B. H. Poliak, president of the Palm Springs district of Girl Scouts, this week.

She pointed out that lack of experience in this kind of work should not keep prospective applicants from applying for the positions. All interested are asked to attend a meeting of Girl Scout leaders next Friday at 10 a.m. in the Girl Scout House on Belardo Road.

Further information can be obtained by telephoning Mrs. Poliak at 4972.

Nick names in the Navy are common, but rarely is an Admiral known chiefly by such a name. Rear Admiral Joseph James Clark, was asked once by the Secretary of the Navy, at a Press Conference, what his initials were as he knew him only as "Jocko" Clark.

P. S. Tennis Club to Open Saturday

World famous Palm Springs Tennis club will swing open its doors for the first time this season next Saturday evening, according to an announcement by Lee Bering, manager.

However, the official opening will not take place until October 18, when a gala formal party and ball, will be staged for members and their guests.

BERING ANNOUNCED that the cocktail bar of the Club will be opened Saturday at 5:30 p. m. and the dining room, will start serving dinner at 6 p. m. He also added that luncheon will be served between the hours of 12 noon and 2:30 p. m. and the famous Buffet Luncheon will again be featured on Sunday.

Dancing to the music of Ray Whittaker and his band will be a six-day evening occasion after the formal opening October 18, said Lee Bering. This band has enjoyed a long engagement at the Town House in Los Angeles.

THE DYNAMIC Bering was proud to announce that an entire

First Birthday Party At Veterans' Village

First birthday party to take place in the "Veterans' Village," on East Ramon, took place the other day when Darrel Reeser was the honoree.

The celebration took place at the apartment of Mr. and Mrs. Larry Sitter, the host and hostess.
